 4. Materiel Depot

25X1A

1. Comment. The place names were received in the Wade-Giles romanization of the Chinese characters; where possible they have been rendered in the McCune-Reischauer romanization of Korean.

25X1X

2. Comment. The largest arms and ammunition depot of the Chinese Communist Volunteer Army supply organization is the one controlled by the first supply station. This depot has been built in the caves on Wang Pao Shan. There are four doors to this depot, one on each of four sides, and they are all connected internally. There is an airfield 5 kilometers south of this depot, and four anti-aircraft gun positions have been established between the depot and the airfield.
